A little about me!

Hey there! I'm Missy, a portrait and wedding photographer currently based in Vancouver, Washington. I'm passionate about what I do and love creating and capturing genuine, candid moments. I'm there to capture your senior's joy, laughter, emotion, and beauty before heading out into the world.

I am a wife, mother, nature lover, and avid coffee drinker (sometimes too much). My clients call me "down to earth" and "relaxed" while I create images of memorable moments in their lives.

Congrats grad!

Your high school graduation is a momentous event and you will want to record all the memories associated with it. One of the most important memories is your senior portrait session. These special images will be recorded in albums and portraits, possible in your high school yearbook, and distributed to family and friends as a memento of this significant life event. It's important to carefully plan for your photography session. By following the steps outlined in this helpful guide, you can have fun and memorable senior portraits that truly depict you and your personality.

what to expect

- 1- After selecting a session date I will email you a link to e-sign our contract and an invoice to pay your \$50 deposit online.
- 2- Plan for your session. I'll want to know your vision for outfits, locations, etc. Send me Ideas!
- 3- Time to shoot! We'll meet at your chosen location and have some fun!
- 5- The next day, I will send previews via email and/or post to social media.
- 6- Images will be ready 2 weeks after your session! You'll receive an email on how to download our images and use your print credit!

Day of the session

We will meet the pre-determined time/location. You should arrive ready in your first outfit. If the attire wrinkles easily, you may want to come a little earlier so you can change into your outfit before we start shooting. You'll need to be changing and doing touch ups in the car as we switch locations. You will want to bring water, snacks, makeup/hairspray for touch ups, lip balm, extra accessories/shoes, and possibly a towel.

Locations

There are variety of locations in the Portland/Vancouver area that we can use for your session. If you have a certain spot in mind or would like to use one that was seen in our portfolio, just let us know! Otherwise, we are open to shooting at new areas that we haven't been before.

Making a payment

\$50 of your total investment will be required to book and will apply towards your balance due. I recommend paying your balance by the photo session so you can receive a gallery as soon as your images are ready. Galleries will not be sent until payment has been made in full.

Delivery of photos

If you have product to pick up(USB, album) I will be in touch as soon as it is ready and schedule a time/place for a quick ex-change.

Changes to your session

Because we book our sessions months in advance, all session deposits are non-refundable. If you need to reschedule for any personal reasons, you may do once. Any continued requests to reschedule may result in the loss of your session and deposit. As for weather we will keep an eye on the forecast leading up to your session time. If inclement weather forces us to reschedule, we will do so as soon as possible with no additional charge or consequence.

WHAT TO WEAR

tips how to prepare

One of the most common questions I get asked during the planning stages with my clients is "What should we wear?" Advice on what to wear on your photo shoot has changed over the years. No longer are white shirts and jeans on everyone the trend. I am more than happy to discuss your clothing choices, help you narrow down your decision or give you a direction to focus on as well as make sure that your clothing coordinates well with the locations chosen for your photo shoot!

1. Choose your style and Palette

Choose four outfits that reflect your personality, including casual and dressy. Pick a palette of 3-4 colors. Let this be your starting place. Think in terms of tones: blue tones, earth tones, neutrals, pastels, etc.

2. Use Muted Colors.

Muted tones look beautiful in a senior picture. When picking patterns, choose smaller ones that won't pull attention away from the main subjects. When thinking about texture, choose different ones that will give photos some interest such as lace, corduroy, denim, and knits.

3. Layering

One of my favorite "tips" for clothing choices! In the Summer months, this may be more difficult to pull off but during all of the other seasons, definitely layer your outfits. Not only will it provide more visual interest in each photo but it will also allow a lot more variety in your shots and poses. Have a ton of images of yourself in just your dress or cute top and jeans? Throw on a little sweater or jacket and a hat and you have entirely different look.

4. Fit Your Style To Your Location.

Always keep your session location in mind when choosing your outfit. If your session is happening in a city setting, dress up a bit with a pair of cute heels and a fancier dress than you'd normally wear to match the bustling vibe of the city. If you've selected a more natural environment, choose something a bit more casual such as a maxi dress and opt for casual footwear like flat sandals or boots

5. Keep Make Up Natural.

You will want to avoid using very heavy makeup, but a bit of color on your lips, eyes, and cheeks will help bring you to life in photos. Be sure to bring some lip gloss with you as well for touch ups as there may be lots of smooches in story from your partner and little ones!

6. Be Timeless.

For some fashionista's, this may be a difficult concept, however you are going to want these images to stand the test of time. Pick outfits that aren't considered too trendy, but will be able to be enjoyed and displayed for many years to come.

7. Plan Ahead.

Make sure you have given yourself enough time to think about all of the details of your session. Plan ahead so that #1 you can truly think about your photos and everything you want out of the session, #2 you aren't rushing and stressing out right before your session, and #3 if you have decided to go for a new look for your session or someone gets a bad haircut, you still have time to fix things if you need to.

8. Outfit Changes.

If time allows it, bring another set of outfits. Again, you will get a lot more variety in your shots so why not capitalize on the opportunity and get the most bang for your buck!

9. Accessorize!

Accessories give your photographs that needed punch! They lend pops of color, personality, and interest.

10. Just be you

Your senior portraits should reflect your style and personality. Consider including what you love - your art, athletic equipment, musical instruments, etc.

Your future memories are the most important thing to me, and I want your session to be a time for you to just be yourselves and enjoy it. Have fun together.

Laugh a lot. And I'll take care of the rest!
